## Who we Are

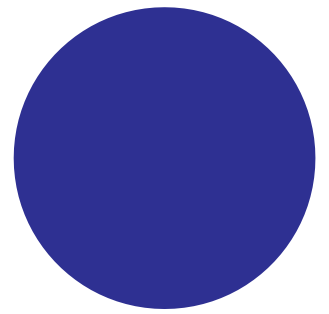

We are a corporate body duly registered in developing great human resources capacity, having excellent reputation in the construction industry and delivering quality services to our clients, maintaining a standard traceable record in Health, Safety, Environment and promoting team work in the circle of our employees are our greatest asset.

This describes the advent of OREMOXIE NIGERIA LIMITED as a result of pursuing the administrative goals; vision, mission and technical forecast of vast and fast-growing sister companies that have recorded a huge landmark in construction activities in Nigeria and beyond. Within a decade of frontline operations in Nigeria and in her neighboring countries, having found a tough, challenging but rewarding construction and economy market in Nigeria, a new beginning for expansion, just like the morning dew, gave birth to OREMOXIE NIGERIA LIMITED.

We have duly completed massive numbers of physical projects in Nigeria. OREMOXIE NIGERIA LIMITED have found a soft landing for independent operations, with a boast of seasoned technical teams and franchised plants and equipment for day-to-day operations.

Over time, we have built a tough string to connect to the legacies of our sister companies, and as a result build a better, reliable, and more rewarding relationship with both our ever-consistent and prospective clients.

As a construction services company, OREMOXIE NIGERIA LIMITED possesses the combination of skilful indigenous and expatriate personnel and developing indigenous capacity all leveraged by latest technology, components and methodology. Their versatility is up to tasks needed to bring innovation and efficiency to any project, within time frame and cost.
